

Welcome to a new school year. We have a new library testing program and with it a new library contract. If your book becomes lost or damaged in your care you will receive a bill for the replacement cost of the library book and an additional \$8.00 per item. Replacement books will no longer be accepted. If a book has pages falling out please do not tape. Come and inform the librarian so that I may take proper care to repair books. You will not be held responsible for binding coming apart. You are responsible if your dog or teething sibling chews the book, drinks spill on books, pages torn, additional writing in books, repairing book yourself, and lost books. I hope you are able to find many books to enjoy this year. Happy reading.
